

PUMPKINS FOR PARKINSON'S A SUCCESS!

Grand Pumpkin Growing Contest

HELPING PEOPLE LIVE A HEALTHIER, HAPPIER LIFE THROUGH PHYSICAL, MENTAL AND EMOTIONAL WELLNESS.

We would like to thank everyone who was involved in our Pumpkins for Parkinson's Grand Pumpkin Growing Contest. Together we've raised over \$17,000.00 that directly supports our YMCA Parkinson Wellness Recovery program participants. Funds have already been applied toward the purchase of: a Theracycle therapy bike (which is motorized and designed to provide pedaling assistance to the rider); several Dial-a-Ride passes to our participants who are no longer able to drive themselves to the Y; and the training and implementation of the Rock Steady boxing program which is designed to improve the strength, stamina and well-being of people living with Parkinson Disease.

The pumpkins were grown throughout the summer/fall, leading up to the final celebration on October 5 at the Y where the pumpkins were showcased and awards were presented. Morgan Stanley Wealth Management sponsored brats and chips for everyone. Teams and growers enjoyed the friendly competition that resulted in Jordan Swanson's 641 pound pumpkin, grown for Team Morgan Stanley, taking top honors. Top dollar earner was Team All Season's. Growers are already volunteering their services for next year!

We would like to extend a heartfelt THANK YOU to the following people and businesses for their support:

Tom McEnroe

Tom enlisted several of his ag friends to grow some of the pumpkins, picked up and weighed most of the pumpkins (thanks to **CHS Ag Services** for use of the scale, truck and flatbed trailer), delivered them to the Y, and made sure they found a good home post-celebration. They can now be viewed at the home of Alex Reichert as part of his Halloween display and in front of All Season's Garden Center!

(L) Rick Mercil (Morgan Stanley) and Bob Kulack accept their first place traveling trophy for the largest pumpkin at 641 pounds, grown by Jordan Swanson.
