MMMM (Monday Morning Mindfulness & Movement)

Start the week with calm intention. We will incorporate breathing, stretching, balance and strength poses and movements while encouraging our minds to "stay in the moment." Many of the moves and positions are similar to those in other stretch and strength types of classes and will involve standing, lying, sitting and kneeling. Cueing will be offered to assist participants from beginners onward.

Pilates

Improve your posture, strengthen your back and abdominal muscles, increase flexibility, prevent stress and back pain, tone muscles and sharpen your mind/body connection - with simultaneous stretching and strengthening in a non-impact balanced system.

Detox Flow

This all-levels class links breath and movement to support the body's natural detoxification process, to improve circulation, and digestion, balance energy, relieve aches and pains, improve the immune system, build strength, increase flexibility, and improve mental health.

Sleep Meditation Yoga Warm up with simple yet dynamic posture sequencing that will tone, strengthen the body, balance energy, stretch the muscles and connective tissues, and ready the body to lie comfortable through a guided sleep meditation (yoga Nidra).
