Yoga

Flow is a component of fitness that is critical for whole person synergy, improved experience of well-being, fitness performance, appearance and function. Using a base sequence of 6 movement combinations we'll help guide you in learning how to achieve a state of flow while helping you improve your flexibility, strength and balance.

Hatha & Somatics Yoga

Hatha yoga moves slower than Vinyasa and poses are held for longer, and provides a mixture of classic asana warm-up and cool downs to provide an overall balancing experience. Somatics is neuromuscular re-education and inner awareness of movement. Reorganizing the way the nervous system controls and senses muscles and movement.
